

Steering Committee #4

September 11, 2024

Welcome & Thank You

Tonight's focus:

- Quick review of feedback from last meeting
And feedback from Board of Education update
- Deep dive into potential scenarios
- Working toward first draft recommendation

Thanks again:

- Continued participation in (and between) meetings!

OUR COMMITMENT

*Provide timely, transparent
data and facilitate a
productive exchange for the
future of SJPS students,
staff and community!*

Agenda

- 1 Quick Recap & Feedback Loop
- 2 Potential Scenarios Discussion
- 3 Ranking Scenarios
- 4 Wrap-up & Next Steps

With a partner....

What positive things have you been seeing and hearing since the start of the school year?

1. Feedback Loop

"The synthetic turf issue is a much larger one with a huge need for updated and new athletic facilities, including tennis courts, resurfacing the track, and most importantly constructing a restroom/concessions facility at the SJHS site for events not taking place in the football stadium."

"I was wondering where the tennis courts fit in to everything as well as the outdoor bathroom structure for ALL outdoor sports plus band. I am also very much in support to the absolute rebuild of Riley as a big rock if it can be in the budget somehow."

"In general, the most negativity I have heard is related to the synthetic turf. It isn't seen as needed, and that it's added on to what IS needed (that is feedback heard from friends after the last vote)"

" It felt like the major building updates that were previously planned for Riley and Eureka were not brought up as much; and also the transportation center. I felt like the Synthetic Turf coming out as a "Big Rock" didn't match our conversation from the time before"

"A bit elementary in its approach. We are all adults and can handle a more complicated idea structure."

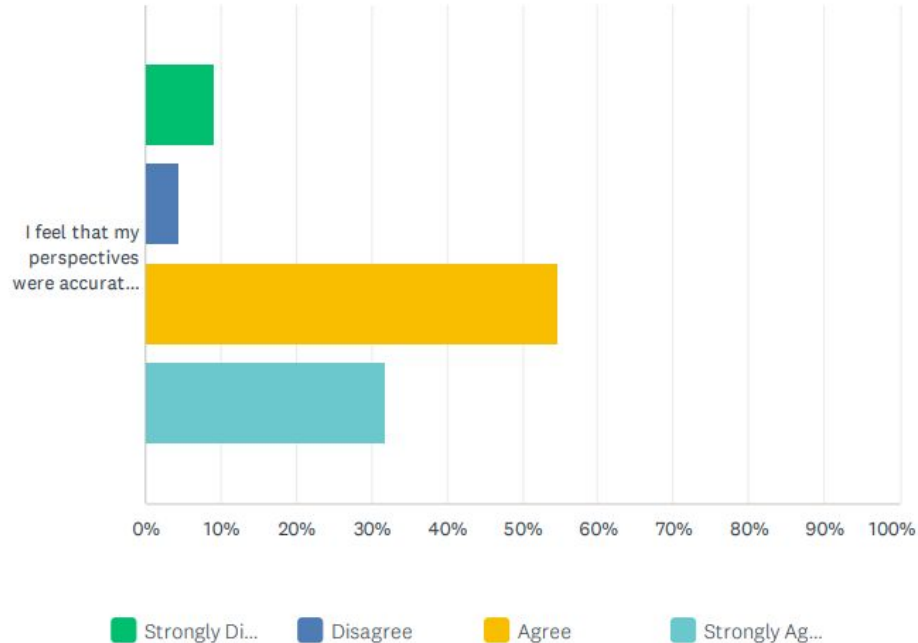

"Stop leading us with prompts and allow a free form discussion."

"Perhaps this will be a part of the "critical infrastructure" big rock conversation, but I think we need to discuss if it would actually save money to close Eureka elementary and use that money to build a larger early learning center."

1. Feedback Loop

Q5 Please rate your level of agreement with the statement below:

Answered: 22 Skipped: 8

As we move forward, be sure to speak up!

1. Report from the BOE Presentation

Five volunteers from the committee presented Steering Committee progress to the Board of Education at the 9/9 meeting.

- The Board was greatly appreciative of the thoroughness of the process.
- Board members were glad to see the transparency of the process and the clear communication throughout.
- The Board requested that the committee continue in its earnest efforts to serve students best and develop a proposal that matches the needs and priorities of the community.

1. Approach: Key Milestones

Calendar

	DATE	STEERING COMMITTEE ACTIVITY	GROUP
AUG	AUG 8	Formation, Norms & Priorities	Steering Committee #1
	AUG 15	Review Finances & Facilities Conditions	Steering Committee #2
	AUG 29	Discussion of Major Priorities	Steering Committee #3
SEP	SEP 9	Review Approach & Initial Priorities	Board of Education (BOE)
	SEP 12	Adjust w/ BOE Feedback - First Full Draft	Steering Committee #4
	SEP 16	Community Survey - Review of First Draft	Community Feedback
	SEP 26	Adjust w/ Survey Results - Second Draft	Steering Committee #5
	OCT 2	Review Second Draft	BOE (Workshop)

1. More info needed...

After last meeting, the Committee expressed desire to learn more about the following:

- **Cost breakdowns**
- **Comparisons of renovations vs. re-builds vs. improvements**
- **Districting—how does it work?**

1. Tonight's Goals

- Understand potential scenarios

- Identify any options that have not not been considered

- Identify items that are non-priority

- **Identify items for community survey**
- Hone scope further for a BOE recommendation

Tonight is an *Exploration*...

- Together we are studying potential scenarios
- Tonight's goal is to be one step closer to a drafted proposal
- Nothing will be finalized in this meeting
- We're looking to you to weigh in

What are we missing?

What could be better?

3. Wrap-up & Next Steps

Facility Planning Process

On this page, you'll find updates on our facility planning process and how community input is shaping our next steps as a district to use our facilities to impact students.

Why is Facilities Planning Important?

Our facilities are aging, and they just aren't meeting all of our district needs. As we look to the future of our schools and community, we want to ensure that our buildings match the top-quality of education and opportunities we strive to provide our students.

Gathering Community Feedback: Post-Election Survey

June 2024

On May 7, 2024, we proposed a bond to address increasing facility issues across the district. The proposal failed by 109 votes.

When the bond proposal was not approved, we surveyed the community for feedback.

Methodology

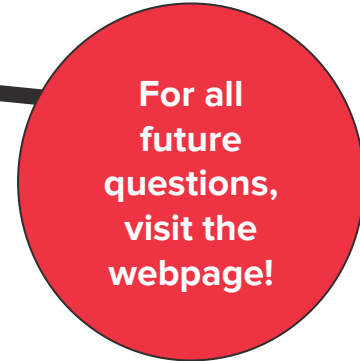

The survey was mailed to all who voted and everyone on the district's regular mailing list. It was also emailed to all parents and staff, posted on social media, and available in print form in the office.

We extended the survey timeline by one week to ensure we received as many responses as possible.

Results

Questions? Submit them here!
