**JANUARY 26TH**

DeWitt MS Auditorium  
2957 W. Herbison  
DeWitt

The FBI and our local law enforcement partners are seeing a huge increase in the online targeting of our youth. More specifically, our youth are being targeted for extortion based on their online activities. What does that mean for you as the parent/guardian of a student? What can we do as parents/guardians? How can I help keep my child safe? What should I be talking to my children about?

This problem is not merely something we see “nationwide.” These threats are being seen locally, at an alarming rate. We want you, as parents/guardians, to be aware so that you can be part of the solution. An educated and proactive approach can prevent these threats from occurring.

Please join us for a presentation by the FBI designed to inform you, as parents/guardians, on how to combat these threats.
